

MOON Y - Swivel chair

The series of MOON chairs consists of three models. The variant presented above is characterized by a one-sided upholstered backrest - a differentiating element. The main features of this series are the adjustable height of the backrest, lumbar support and headrest. Such important functions ensure comfort for the User - both during work in the office and during long meeting sessions. Esthetics, functionality and high quality of products make the Moon chair, as well as the entire series, satisfy even the most demanding customers.
